

CONFIDENTIAL

5 August 1952

MEMORANDUM FOR: Mr. Wolf

SUBJECT: PRC projects

25X1A 1. The attached projects were presented to the PRC on 5 August. This is the new approach which will cut down the work of the PRC substantially. In effect, all the PRC will do is to approve this for policy and set a maximum figure which may be spent on each country program. This places the responsibility on the DD/P to implement the program. It was clearly understood at the PRC that implementation would be in accordance with the normal Agency procedures, including administrative procedures. While the oral presentation by [REDACTED] was excellent, it was obvious that the attached papers do not give enough information.

25X1A 2. It was agreed that, before presentation to the Director, these programs would be revised to show their history, present status, and future plans. It was also agreed that [REDACTED] funds for the various stations should be shown so that the Director would know how much it is costing to administer the program as a whole.
